Michelle Lipchock, LCSW, State Clinical Director,  
Devereux Advanced Behavioral Health

Michelle earned her Master's in Social Work and Bachelor's in Social Work from Temple University in Philadelphia, Pennsylvania.

She is a Licensed Clinical Social Worker in New Jersey and is a Licensed Social Worker in Pennsylvania. She is currently a doctoral candidate at Rutgers University School of Social Work. She began her social work career as a therapist working with children, youth and families involved with the child welfare system in Philadelphia. Additionally, she provided therapy in various environments to include outpatient, psychiatric partial care and in schools.

Michelle has a wide range of experience in the treatment of children, youth and families, which includes clinical practice, clinical supervision, and program administration. In 2005, she relocated to New Jersey where she currently serves as the Clinical Director for Devereux Advanced Behavioral Health in West Deptford, New Jersey. Michelle has been awarded the Clinician of the Year Award from the New Jersey Alliance for Children, Youth and Families.

She holds a Clinical Supervisory Certificate as well as supervises social work interns. Michelle's area of professional interest include advancing clinical practice, to include trauma focused concepts with children and adolescents who are dually diagnosed with an intellectual/developmental disability and mental illness.

Devereux Advanced Behavioral Health is one of the nation's largest non-profit organizations providing services, insight and leadership in the evolving field of behavioral healthcare. Founded in 1912 by Helena Devereux, the non-profit operates a comprehensive national network of clinical, therapeutic, educational, and employment programs and services that positively impact the lives of tens of thousands of children, adults and their families every year. Focused on clinical advances emerging from a new understanding of the brain, its unique approach combines evidence-based interventions with compassionate family engagement. With nearly 7,000 employees working in programs across the nation, it is a recognized partner for families, schools, and communities, serving many of our country's most vulnerable populations in the areas of autism, IDD, specialty mental health and child welfare. For more than a century, Devereux Advanced Behavioral Health has been guided by a simple and enduring mission: To change lives by unlocking and nurturing human potential for people with emotional, behavioral or cognitive differences.
